

Montana Wilson is a 2014 graduate of Suwannee River Ridge Technical High School (SRRTHS). Since her graduation, she has successfully completed three consecutive semesters at North Florida Community College.

In 2014-15, Montana was the recipient of the 2014-15 Suwannee River Ridge Technical High School Student of the Year Award. The Principal of SRRTHS nominated Montana for this award for her academic efforts and achievement, but also for her ongoing efforts to recruit other college-bound students and helping them access academic and vocational programs offered at Suwannee River Ridge Technical High School.

In 2015, a full Military Scholarship was established in honor of Montana and her paternal grandfather, Wayne Wilson, Retired Army. Montana and her family have the honor of awarding this merit-based scholarship on an annual basis.

Montana's personal integrity, honesty, and hard work ethic have helped her reach her short-term goal of being accepted in the Nursing Program at North Florida Community College. Currently, she is on track to graduate with her Associate of Arts Degree in Nursing. Her long-term nursing goals include working specifically with diabetes patients.

SRRTHS is very proud of our graduates! Montana is an outstanding example of how hard work, integrity, and personal responsibility can help young folks achieve their professional dreams. As a peer recruiter, Montana is available to share about graduation and certificate programs available through SRRTHS, as well as her family's Military Scholarship. If you would like to talk to Montana, another Recruiter, or the School Principal, please email your request to cmb@srrths.com.
